EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Claims 19-22 are rejoined with the allowable product claims 13, 14, 17 and 18. The restriction requirement is withdrawn. Authorization for this examiner's amendment was given in a telephone interview with Lisa Kreppel on September 25, 2006.

The application has been amended as follows:

IN THE CLAIMS:

Cancel claims 19 and 20.

Claim 13, last two lines, after "AD169 genome", delete ", EMBL accession number X17403".

Claim 14, last two lines, after "AD169 genome", delete ", EMBL accession number X17403".

Replace claim 21 with the following:

--Claim 21. (Currently Amended) A method of inducing an immune response comprising administering to a human the immunological composition of claim 17 in an amount sufficient to stimulate an immune response in said human.--

Replace claim 22 with the following:

--Claim 22. (Currently Amended) A method of inducing an immune response comprising administering to a human the immunological composition of claim 18 in an amount sufficient to stimulate an immune response in said human.--

Art Unit: 1648

Examiner's Comment

Claims 13, 14, 21 and 22 were amended to clarify the claimed invention. Claims 19 and 20 were cancelled because they depend from cancelled claims.

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because several figures cannot be discerned. Figures 3 and 11 are too dark and cannot be read. Figure 5 has handwritten comments. The gels in Figures 7 and 8 cannot be read. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Conclusion

Claims 13, 14, 17, 18, 21 and 22 are allowable.
